

District Exit Status

Characteristic System Name

ExitStatus

Definition

The student's current enrollment status with the operating district or primary reason the student is no longer enrolled in the school district.

If the student has been expelled but continues to receive services, report an exit code of "19". Use an exit code of "10" only for students who are expelled and no longer receive services from the school district. In both of these expulsion scenarios, also complete the appropriate characteristics in the Disciplinary Incident and Disciplinary Consequence components.

NOTE: If the student has transferred to another school or facility building within the same school district, the District Exit Status should remain "19" (expected to continue).

Use

CEPI and MDE use these data for determining membership, assigning accountability and Primary Education Providing Entity (PEPE), graduation and dropout rate calculations, and NCLB, Perkins and IDEA reporting.
